A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the hair is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. New's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Lower and Physician Arraigned.

F. William Hermann and Dr. John K. Tompkins, colored, of Cumberland, Md., charged with causing the death of Miss Jean Maxwell last year, were placed on trial in Hagerstown yesterday on the charge of manslaughter.

The accused were arraigned as having performed a criminal operation on Miss Maxwell. A post-mortem examination, it was stated, showed septic peritonitis. Miss Maxwell before she died told her parents Hermann had promised to marry her.

Dr. James T. Johnson testified that he was called to attend Miss Maxwell three days before her death. He made an examination and found her suffering with blood poisoning brought on by an operation. Her condition was extremely critical, and he advised her to tell her parents. He saw her the next day and was present at the post-mortem with Drs. Koon, Wiley and Hawkins.

At a session held last night Dr. Thomas Koon was on the stand two hours, testifying that Hermann called him to the drug store where he was employed, informed him he "had gotten a girl in trouble" and asked Dr. Koon not to tell the girl's family. Dr. Koon said he found Miss Maxwell in a critical condition. Later he told her parents of her trouble, and kept Hermann posted as to her condition.

Shortly before she died he advised Hermann to tell his brother. Hermann once told him he had secretly married Miss Maxwell. When he told Hermann the girl would die, Hermann talked of committing suicide. Dr. Koon related the girl's deathbed confession, in which she stated that Hermann took her to the office of Dr. Tompkins, who performed an operation. She said the wedding had been postponed because Hermann said he had to support his sister and mother.

A number of letters from Hermann to Miss Maxwell relating to confidential matters were offered in evidence. Mrs. Joseph Maxwell, mother of the dead girl, told of the death bed confession of her daughter, who implicated Hermann and Dr. Tompkins. She identified a diamond engagement ring, tied to a ribbon, which she said her daughter told her Hermann had given her. Mrs. Maxwell said her son visited her daughter three times a day during her illness, staying often until midnight, treating her and giving her medicines.

Banker's Son Kidnapped.

A banker's son kidnapped and held for \$20,000 ransom, is the latest puzzle the New York police have been called upon to solve.

The parents, frantic with fear, have received two letters from the boy imploring that the sum mentioned themselves have twice written, demanding the ransom on penalty of the lad's death.

The victim of the bold plain to extort \$20,000 is Antonio Bozuffi, the fourteen-year-old son of John Bozuffi, a leading Italian banker, whose place of business is at Sixty-third street and First avenue, New York.

The kidnapping occurred last Sunday, on which day the bank is kept open during the afternoon. The boy, who was acting as a clerk, was sent out to purchase \$10 worth of stamps and did not return. Inquiry proved that he had made the purchase.

On Monday the first letter came from the lad. Yesterday came the second, and with it the letter of the abductors. The latter was well written and in Italian. The boy's first letter said he was held captive in Brooklyn. After asking that the money be paid, the note concluded:

"Do not advise the police under any circumstances, because if you do my life will leave this world."

One of the letters from the boy's captors contained the sentence:

"Our scope, signor, is not vindictiveness. It is solely the extreme necessity which exists for the possession of the sum indicated. Upon your consignment of the money, all at once, without default, your son will be set free and safe."

March 8 is the day set for the payment of the ransom.

New York, March 7.—The fourteen-year-old son of Banker Bozuffi who has been thought to have been kidnapped returned home this morning. The affair seems to be clouded in mystery.

Starving to Death.

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters, of St. Clair St., Columbus, O., was literally starving to death. She writes: "My stomach was so weak from useless drugs that I could not eat, and my nerves so wrecked that I could not sleep, and not before I was given up to die was I induced to try Electric Bitters; with the wonderful result that improvement began at once, and a complete cure followed." Best health tonic on earth. 50c. Guaranteed by E. S. Leadbeater & Sons, druggists.

For an Impaired Appetite.

Loss of appetite always results from faulty digestion. All that is needed is a few doses of Chamberlain's Stomach and Liver Tablets. They will invigorate the stomach, strengthen the digestion and give you an appetite like a wolf. These Tablets also act as a gentle laxative. For sale by Gibson & Timberman and W. F. Creighton & Co.

MIDDLE LIFE

A Time When Women Are Susceptible to Many Dread Diseases—Intelligent Women Prepare for it. Two Relate their Experiences.

The "change of life" is the most critical period of a woman's existence, and the anxiety felt by women as it draws near is not without reason.

Every woman who neglects the care of her health at this time invites disease and pain.

When her system is in a deranged condition, or she is predisposed to apoplexy, or congestion of any organ, the tendency is at this period likely to become active—and with a host of nervous irritations make life a burden. At this time, also, cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness, inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.

Lydia E. Pinkham's Vegetable Compound was prepared to meet the needs of woman's system at this trying period of her life. It invigorates and strengthens the female organism and builds up the weakened nervous system.

For special advice regarding this important period women are invited to write to Mrs. Pinkham at Lynn, Mass., and it will be furnished absolutely free of charge.

The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, her assistant before her decease, and for twenty-five years since her advice has been freely given to sick women.

Read what Lydia E. Pinkham's Compound did for Mrs. Hyland and Mrs. Hinkle:

Dear Mrs. Pinkham:—

"I had been suffering with displacement of the organs for years and was passing through the change of life. My abdomen was badly swollen; my stomach was sore; I had dizzy spells, sick headaches, and was very nervous."

Sea Horror.

The wreck of the four-masted schooner Mary Manning, the details of which were learned yesterday, when her crew arrived at Boston on the British steamer Casilda, form another sea horror.

With their vessel stripped of her masts and sails by lightning, her hull filled and soaked with water, and with the ruined hull driven by wind and current, a mere waterlogged raft and derelict, the captain, one passenger and crew of eight men, including F. J. Murphy, the steward, of Baltimore, were for four days huddled up on the afterhouse, barely subsisting on a little canned corn and water, clinging for their lives to the icy woodwork and exposed to the seas which constantly broke over them. Finally when the deckhouse was washed away the men were forced to take refuge on the sparker boom, from which some of them dropped from sheer exhaustion, when the boats of the Casilda arrived alongside, the others jumping into the boats to save their lives.

Before that the mate had leaped overboard in delirium, but a Norwegian sailor, in spite of the fact that he had been injured by the shifting deckload of lumber, sprang after him and effected his rescue. All the 10 persons were in a state of collapse from suffering, hunger and exposure when taken off by the Casilda. The rescue was made 160 miles south by east of the Nantucket South Shoals lightship, and when last seen the schooner was barely afloat. She was bound from Fernandina, Fla., for New York with a cargo of railroad ties. She was a victim of a storm of unusual severity, which developed six days after she had left the southern port.

The best safeguard against headaches, constipation and liver troubles is DeWitt's Little Early Risers. They don't gripe. Sold by W. F. Creighton & Co., 401 King street.

"I wrote you for advice and commenced treatment with Lydia E. Pinkham's Vegetable Compound as you directed, and I am happy to say that all those distressing symptoms left me and I have passed safely through the change of life, a well woman. I am friends."—Mrs. Annie E. G. Hyland, Chestertown, Md.

Another Woman's Case

"During change of life words cannot express what I suffered. My physician said I had a cancerous condition of the female organs. One day I read some of the testimonials of women who had been cured by Lydia E. Pinkham's Vegetable Compound, and I decided to try it and to write you for advice. Your medicine made me a well woman, and all my bad symptoms soon disappeared."

"I advise every woman at this period of life to take your medicine and write you for advice."—Mrs. Lizzie Hinkle, Salem, Ind.

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Hyland and Mrs. Hinkle it will do for other women at this time of life.

It has conquered pain, restored health, and prolonged life in cases that utterly baffled physicians.
